These are motherf\*\*\*\*\*. They will extort money from you and will give no service in return. Don't get trapped in their nets. All those spas where there is no address and they will ask you to come to a place and then call are actually brothels. After reaching there you don't have much choices to make as there are many pimps roaming around to extort. Please think 100 times before going to spas without address. They are looters. And if you are not local then they will extort more and threaten you. So Beware! All your mood will get spoiled.

Fraud people, fraud place, beware of them. DO NOT VISIT THIS PLACE. All these high rated reviews are fake ones. You'll regret for your entire life if you visit this or these kind of so called spas, which do not mention the exact address and ask you to come to a location and call.

I'm giving police complaint. They threaten you by saying they will punch you, smack your face and surround you with 5/6 people. Take away your phone and forcefully unlock the phone and transfer the money to their account. They took away all my money. I have their details and will be sharing it to the police. Don't contact them. I will be giving police complaint.

I have checked the review, more than 90% people has given worst feed back...so, I can not trust that spa.

Could you please share your business GST registration number and the legal licence..

As of I know, in the name of spa, any sexual relation is illegal in India according to Indian constitution..

And I saw lot of review is regarding getting cheated..what action you guys will take if I get cheated while doing spa in you spa centre...

Majority people are saying wrong, only Nithya is saying correct..

Hardly few person gave the good reviews, so can't trust the spa centre based on very less good reviews

Anyway if you are authenticate source, then please provide the service in customers home, take the booking, send your girl or boy to clients home for the service and then take payment.. because how I trust you, what is the guarantee you guys are not fraud..

100% fake.

Never pay the amount first. Full of scammers. they will take all your money and will beat you to the core. You have to run from there at the end to save yourself. They will treat you like a slum dog. It is a robber group who is running this like a business. Never ever trust them. All the reviews here are fake. They themselves have written. Stay away. no girls there.

Rply To your reply;,,,

I rang in the contact No in your Webpage.

A lady named Nithya attended the call asked me to Get down to Esteem Mall (there they have a newly opened branch) and give her a call. On arrival I called her again, she advised me to give the phone to an auto/Taxi driver. she spoke to her and the driver took me to a place which is 1 km interior from elements mall. When i reached the location i was greeted by a guy. The building hasnt got a look of a Spa, He asked me to make the payment agreed. After he asked to pay additional 3k. when i refused, he started abusing, i tried calling the same no earlier, calls were unanswered. The guy said she will no more answer the call from my no.

Finally i refused to pay and a bit of arguments and fight, i left there.

Plz don't visit this spa the receptionist and ambiguous is good that's all. However, Therapists will not concentrate on massage, but they are very demanding and already set 2k is their minimum tips, be careful with your wallet. Today I visited 22/11/2021 @ 2:15pm and had a worst experience. People kindly think twice before you visit this spa

The Massage parlour is full of thugs. Right from the moment you enter the parlour the receptionist will do fake promises and once you pay the amount they show their true colours. The therapists are highly unprofessional. They don't even do massage properly. Receptionist is very likely a fraud girl and there were goons inside the parlour.

Stay away from such places and be safe.

All the reviews are Fake. Those are their own parlour's people only. Its a very bad parlour and they have hired goons who stays in the parlour to thug and loot the people. Therapist will not even turn up for massage for first 15-20 mins and will do massage in just 15 mins and will say it is done. When you complain the receptionist she takes therapist side.

This spa is actually a trap. Stay away from this. The service is worst you can get in Bangalore. The therapists are untrained and the service is not even worth 100 Rs. Unfortunately there is no option to put zero star in the review. IF YOU ARE WATCHING THE OTHER REVIEWS THOSE ARE ACTUALLY FALSE ONES TO PROMOTE THIS SPA AS A GOOD ONE. I TOO SAW THAT AND LOST MONEY.
